

CHAPTER 4 ENGLISH

Altogether 3 formal panel meetings were held within the school year. Quality communication among panel members was achieved through these meetings and intranet communications. All teachers expressed their view on teaching and learning through exam evaluation and internal sharing with EDB curriculum support.

Informal meetings and co-planning meetings were held from time to time for discussions on teaching and learning difficulties among colleagues and pupils and preparing learning and teaching materials. All teachers spent at least 2 hours per month to co-plan to improve the current curriculum.

Teaching materials were modified and tailored according to our pupils' English competence and the teaching progress.

Copies of worksheets including writing, reading comprehension and supplementary exercises as well as assessment tasks which were designed or tailored by our teachers, were compiled at the end of the school year for future reference. Most of the materials were saved in our school data bank.

Teaching aids and kits were made and shared among our colleagues.

The targets set for this year were mostly achieved with planned activities being carried out as scheduled.

Targets	Strategies / Tasks	Evaluation/ Follow-up work
To make progressive advancement use of IT and e-learning resources	<ul style="list-style-type: none"> - Online Assessment - Project Learning with STEM element - iBook - Online reading - Peer Observation - English Club - Sharing of outstanding work on school website - Mobile learning at KS2 	<ul style="list-style-type: none"> - 84% of students tried the online assessments during Christmas, Chinese New Year and Easter holiday. - Project Learning (P6 Digital Story) was done in December - Teachers and students were familiar with the use of iBook - 92% of students completed project learning with the help of I.T. - Most students loved to use iPads in learning English - Teachers shared the pedagogies of using I.T. in English teaching and during peer observation - Online resources were adopted in English learning - 80% of English lessons were conducted with I.T. element - Teachers and students use mobile device for teaching and learning regularly.
<p>Follow-up work: More sharing, observations and trainings are needed for improving English learning with the help of I.T..</p>
